Removed the requirement of, "A grade of "B: or better in MGMT 683."

General MBA Graduate Course Requirements

Completion of 33 semester hours of graduate work with a cumulative "B" average.

Updated footnotes for the BS in Biological Science, Ecology, Environment, and Evolutionary Concentration, Integrative Biology Concentration, Microbiology/Molecular Biology Concentration, Plant Science Concentration, and Business Concentration.

⁵Students planning on attending medical, dental, or other professional or graduate schools, and students pursuing a minor in Chemistry should take Chemistry 265/267 and Chemistry 266/268. Also, Chemistry 265/267 can NOT be used as a prerequisite for Chemistry 281/283. Students who have completed CHEM 261/263 or 265/267 may take MIC 461 or GBIO 434 in place of CHEM 281/283 or CHEM 266/268.

Added a new course.

SE 102. Freshman Academic Coaching Seminar. Credit 1 hour. Prerequisite: Permission of the Director of the Center for Student Excellence. This course provides student-focused academic coaching by engaging and encouraging freshman students on probation to identify the personal and academic strategies necessary to succeed as college students. Students will be provided with semester-long support in areas such as time management, test preparation, note taking, and learning strategies. Students will examine personal and academic concerns, perceived barriers to success, strengths and needs, and devise a personalized plan of action for succeeding academically to earn a Southeastern degree. (Spring)

Revisions to Honors Curriculum and Policies.

The Honors Program at Southeastern is designed to prepare students to know and understand the most significant ideas, deeds, and events that have shaped our world and will shape the future; to have confidence in their abilities to think independently, write clearly, and speak effectively; and to be leaders in their communities and professions. It aims to prepare responsible individuals to be

opportunity to earn an Upper Division Honors Distinction Award and notation on the transcript, and the ability to participate in the Senior Thesis process to earn the Honors Diploma.

Admission Requirements: A composite score of 24 or higher on the ACT and a minimum 3.0 high school GPA qualify an entering freshman to join; a cumulative GPA of 3.0 or higher in 12 or more hours of university credit qualifies an advanced student to join. For advising regarding Honors Program requirements, a transfer student should meet with the Honors Director.

Freshman Honors Program students whose GPA at the end of their first semester is between 2.73 and 3.0 are allowed one probation semester in which they must establish a minimum 3.0 cumulative GPA to continue in the Program. Honors active status is not granted automatically but depends on the student's submitting an application to the Honors Program office, which serves as an advising center for students pursuing an H

Thesis criteria available from the Honors Office, include a significant research or creative endeavor and an oral presentation of the project
Students enroll in HONR 300 (1 hour) the semester they will complete and present the senior thesis

Required Honors Freshman and Sophomore Coursework : The foundation of the Honors experience takes place in the freshman and sophomore years when students work to complete at least 15 hours of Honors 100- and/or 200-level Honors coursework chosen from at least three academic disciplines. This shared academic experience helps to create a vital academic community among Honors students. They share their ideas beyond the classroom, whether over coffee or in the dorm, and extend their intellectual friendships from semester to semester. Students are encouraged to take Honors courses beyond the 15-hour minimum to satisfy additional General Education and Major requirements as appropriate.

Upper-level HONR courses: These courses offer students an opportunity to study topics outside the standard curriculum. The courses are designed to deepen a student's knowledge about particular intellectual issues and to demonstrate the interconnectedness of academic disciplines. Topics are
